BRITISH ARE HOLDING FAST TO PRESENT POSITIONS

INDIAN BATTLE NEAR SEMINOLE

TWO KILLED AND THREE BADLY WOUNDED—TWO MORE MAY DIE.

Two Indian battles took place in Seminole county Saturday night and Sunday resulting in the death of two Indians and wounding of three more, two of whom will probably die. Charley Coker and Ben Coker were killed and Dave Coker, Tom Coker and another Indian by the name of Coesee were wounded.

The first fight took place at the home of Ben Coker and Charley Coker was killed. Sunday Dave Coker, father of the dead Indian together with Ben Coker and Coesee, set out to avenge his death. Finding Ben and Tom Coker a general battle began resulting in Ben Coker being killed by a shot through the stomach. Dave Coker was shot through the arm and body, Tom Coker dangerously wounded and Coesee shot in the neck and throat. Dave and Tom are not expected to survive.

All parties to the affair were closely related. Liquor is thought to be the cause of the trouble.

H. R. SNYDER STILL BOOSTS FOR ADA

H. R. Snyder of Petersburg, Ind., arrived in the city today and called at the News office, after an absence of twelve months. Mr. Snyder remarked, "I am glad it is my privilege to visit Ada once more."

He says he spent the winter in Florida in the land of sunshine and flowers and while there he visited a number of coast cities, but none of them appealed to him as being so attractive as Ada, and that he knows of no town anywhere the size of Ada that is of more importance as a business center or more pleasant as a home place. "Everybody here seems to be busily engaged, and I find your little city is still expanding," he remarked.

He says after visiting Ada so many times in the past ten years and watching the substantial growth it has enjoyed, he now realizes his own mistake in not taking up his residence among us long since and that he sometimes has thought some of our citizens did not quite fully appreciate their good town and surrounding resources that have helped to build the city on such a permanent basis.

SCHWAB WILL CONTROL ALL SHIPBUILDING

Washington, April 16.—Charles M. Schwab of the Bethlehem Steel Company today became director general of the Emergency Fleet Corporation and will assume entire control and direction of the construction of the government's shipbuilding program.

At the suggestion of General Manager Charles Piez, the office of general manager of the corporation was abolished to give Mr. Schwab a free hand in his work. Mr. Piez will remain vice president of the Shipping Board.

Announcement of Schwab's acceptance of the position followed a conference at the White House, which was attended by Schwab, Piez, Chairman Hurley and Bainbridge Colby of the Shipping Board. Except for the new position of the director general, which absorbs the position of general manager, the organization of the Shipping Board and Emergency Fleet Corporation remains unchanged.

OFFICIAL REPORT NEARLY BILLION

(By the Associated Press)
Washington, April 17.—Subscriptions to the Third Liberty Loan as shown in special reports reaching the treasury department now total \$931,156,050. The first day's business from Minneapolis district, where the campaign began Monday, netted approximately \$25,000,000.

A War Savings Society is a War Club and is as essential for the promotion of thrift and savings as the old-fashioned war club was for the savage.

LATEST REPORT SAYS INTENSE BATTLE GOING IN FAVOR OF BRITISH.

(By the Associated Press)

London, April 17, 3 P. M.—The battle in Flanders is raging today with incredible intensity, telegraphs the correspondent of Reuters, Limited, at British army headquarters in France. As far as the latest reports enable him to judge, the correspondent adds, the battle is going in favor of the British, notwithstanding desperate attacks the Germans have gained no further ground since Tuesday morning and apparently they have lost some.

WAR SUMMARY.

With the Ypres salient in southwestern Belgium menaced by the continued German advance on the Lys battle front, immediately to the south the British have begun a withdrawal from this line. British forward positions east of Ypres have been given up and a new line to the west occupied. The withdrawal was made without enemy interference. The retrograde move is pivoting on the Wytschaete sector where London today reports a successful counter attack. There seems no danger at present of a great withdrawal by the British and security of railway lines of communication has been provided for by the massing of large numbers of troops on the northwestern part of the Lys battle front. The Germans are still hammering the British line north of Baillieu, while to the northeast they are reported close to Mount Kemmel.

JOHN E. LANE, FORMER ROFF CITIZEN, DEAD.

The body of John E. Lane, who died at Telephone, Texas, Sunday, was brought to Ada, Tuesday afternoon and interred at Rosedale cemetery. Rev. W. M. Crutchfield conducting the funeral service. The Oklahoma Tuesday carried the following account of his death:

John E. Lane, former member of the Oklahoma City police force, died at Telephone, Texas, Sunday, according to information received here yesterday. Burial will be at Ada, Okla., today. He was 67 years old, and is survived by the widow, four sons and three daughters. The names of the sons and daughters follow: Dr. W. H. Lane, Telephone, Texas; Dennis Lane, Prague, Oklahoma; Robert Lane, Norman, Oklahoma; C. C. Lane, Ada, Oklahoma; Mrs. Del Cordell and Mrs. Dora Knox of Norman and Mrs. Perley A. French of Oklahoma City. Mr. Lane moved to Oklahoma City in 1906 from Roff, Oklahoma, and served on the police force during the Scates administration. He moved to Telephone, Texas, about a year ago.

Fitzhugh.

Miss Edith Bibb is on the sick list. Ed Cartwright is suffering from an attack of appendicitis.

Cass Hill, Norris Wesson and families went to Oklahoma City today.

Plenty of rain and although the roads are a little muddy our farmers and citizenship in general are feeling fine.

Ples Majors has bought the P. A. Norris farm one mile north of Fitzhugh and will move there about Jan. 1, 1919.

Jack Price, Jr., has come to Fitzhugh to make his home with Dr. Overton and wife. He has entered school here with a determination to make a scholar of himself by the time he reaches his majority. The doctor will keep him in school and give him every advantage of an education so he will be able to handle the little fortune he will receive when he reaches the age of twenty-one.

Fitzhugh today received a fine Liberty Loan Honor Flag, as a prize for exceeding the quota during the first six days of the bond drive. \$11,000 was our quota and up to April 15th our solicitors had secured subscriptions up to \$12,400.

The rocky road that runs past Lawrence depot has been repaired with a heavy coat of chat, and it is now possible to make thirty miles an hour over it with an automobile. Our county commissioners, Dr. Overton, Wes Hattox and Cas Hill have the credit of having this improvement done though Wes Hattox and Cas Hill must have the credit for having the work done on the road so splendidly. Hattox and Hill expect to build a fine road from the Lawrence railroad crossing to the top of Chimney Hill in the near future. We hope this will be done soon, then we can go to Ada from Fitzhugh within 25 to 30 minutes any time.

A Booster.

Modesty. One way to create the impression that you are familiar with success is to be modest.—Youth's Companion.

Large, clean cotton rags wanted: 3c per pound. News office.

HUNS DRIVEN FROM METELEN

BRITISH ALSO RECAPTURE SOME TRENCHES AND REPULSE OTHER ATTACKS.

(By the Associated Press)

London, April 17.—British have recaptured Metelen, on the northern battlefront, by a counter attack, the war office announced officially. British positions before Ypres have been withdrawn to the new line. South of Arras the Germans were driven out of British trenches they had occupied. Early this morning artillery became active south of the Somme. The British made a successful counter attack in Wytschaete neighborhood. Repeated German attacks south of Baillieu were repulsed, the Germans suffering heavy losses.

Artillery Active on French Front.

Paris, April 17.—Heavy artillery fighting occurred last night on the principal battle front between the Somme and Oise rivers, the war office reported. Patrol encounters occurred but other wise the night was quiet, the statement adds.

Germans Advance.

London, April 17.—According to an Exchange Telegraph dispatch from Paris, the Germans have advanced from Wytschaete as far as St. Eloi and also have a grip on the slopes of Mount Kemmel.

MORE PAY FOR RAILROAD MEN

(By the Associated Press)

Washington, April 17.—The railroad wage commission has completed its recommendations for wage increases for railroad employees and a report will be submitted to director general McAdoo upon his return from his Liberty Loan speaking tour in the west. Nothing was made known as to the amount of the increases but it is thought employees now receiving the smallest pay will get the largest advances.

CZERNIN IN HIGH FAVOR WITH PRESS OF VIENNA.

Amsterdam, April 17.—The entire press of Vienna, a dispatch from that city reports, is joining in a chorus of praise of Count Czernin. The newspapers refer to the fact that he has concluded peace with Russia and is preparing to do so with Roumania. The opinion is generally expressed that the Count some day will return to office.

The Fremdenblatt says Count Czernin has enhanced Austria's prestige throughout the world in a remarkable manner. The Reich Post remarks that his only possible successor is some very strong man.

The Wiener Tageblatt insists there must be no deviation from the Count's foreign policy, adding it is self-evident that his successor must enjoy the confidence of Berlin to the same degree as he does.

FRANCIS.

Benedum & Trees have one derick up and at work and will soon have three others at work. The new well is now about 800 feet deep. All these wells will be near their flowing well on the Oliver farm.

J. H. Vickery has men at work putting in a concrete floor in his brick building on West Main. Mr. Vickery will recover and replaster this building and make it a fit place for his confectionery.

Since the rains and the moving up of the mercury every thing is growing very rapidly. It is hoped and expected that a large crop of every thing will be made this year.

The ladies of the Red Cross are still very diligently at work turning out many things useful to our soldier boys and the Red Cross nurses.

The Frisco railroad has a large crew of men at work raising the coal chute about four feet higher. This will be much better than the old way they had of loading engine with coal.

Another excellent rain last evening has put more water in the ground and will be of great benefit to all growing vegetation.

Uncle Eben.

"Some people," said Uncle Eben, "regards givin' good advice as a form of amusement, same as tellin' funny stories."

lished herein.

The Roff Eagle is now edited by
Miss Ruth Duran, who has been con-
nected with the paper for several
years and fully competent to give her
readers a good live paper. This gives
Pontotoc county two lady editors.

We have never yet seen a chronic
kicker amount to a whoop in any
line of business. If he is any good
as a business man he is too busy look-
ing after his own affairs to be rais-
ing Calu with his neighbors, and if
he has no business of his own it is
precious little good he can do in tel-
ling the other fellow how to run his.

One can almost see the gardens
growing now and the high cost of liv-
ing will be reduced in all families
where the man of the house could
be prevailed on to spend a few extra
hours with a hoe. The spring chick-
en crop also looks good and there
should be some fine eating in Ponto-
toc county in another month, and
when the fruit begins to ripen there
will be more joy.

EVERY LITTLE BOOK HELPS!
From a camp where troops are
sent to embark for France, Mrs. An-
na Stross Richardson writes for the
May Woman's Home Companion of the
boy's craving for books.

"Some of you think a book or a
magazine is hardly worth giving.
Every single piece of reading matter
received in a camp is worth-while.
It helps some soldier to forget the
discomforts inevitable to camp life.
It urges another man who never
"cared about reading" to try it. It
helps a third to think "cleaner
thoughts." It helps your Government
to build up an army of high ideals.
"If you have just one magazine that
you have finished reading, put a
one-cent stamp on its cover, and
send it forth unaddressed. It will
reach a soldier, as surely as the sun
will rise for you to-morrow morning.
If you can spare a good book—take
it to your local library or Y. M. C. A.
building, and, by the way, write
your name and message on the fly-
leaf. A soldier showed me a book
yesterday with this message on the
flyleaf:

"This book has made it easier
for me to do my work day by day."

DOCTOR GAVE THIS RUN-DOWN WOMAN VINOL

And She Got Well—Her
Nervousness Disappeared

Flint, Mich.—"I keep house for my
family of six and got into a generally
run-down condition. I was weak,
nervous and could not sleep, and had
headache a good deal of the time.
My doctor prescribed Vinol and it
made me well and strong. I am a
good deal less nervous and can sleep
nights."—Clara Smith, 1213 W. 4th
Ave., Flint, Mich.

We sell Vinol on a positive guar-
antee to make nervous, weak, run-
down women well, strong or re-
turn their money. Try it anyway.

GWYN & MAXS CO., DRUGGISTS,

IF YOU UNDERSTOOD JUST WHAT THIS PICTURE PORTRAYED WE WOULD NOT HAVE TO WRITE A WORD

This drawing is made from an actual photograph of
Arthur Middleton, late of the Metropolitan Opera,
singing in direct comparison with the New Edison.
No more drastic test for a phonograph can be devised

than this one of actual comparison with the living sin-
ger. It shows whether or not the instrument Re-Cre-
ates or merely imitates.
There is but one instrument which Re-Creates. That is

The NEW EDISON

"The Phonograph with a Soul"

No other instrument is ever subjected to this rigorous
ordeal. No other maker dares risk the test.
In more than 1500 tone tests before audiences totaling
more than 2,000,000 the New Edison has emerged suc-
cessfully. It has proved to the satisfaction of the most
skeptical that no human ear could detect a shade of

difference between the artist and the New Edison.
And it has been demonstrated in the case of both in-
strumental and vocal music.
Call at our store and satisfy yourself about this mar-
velous instrument.

MR. MIDDLETON

Appears at the Auditorium of the Normal, Thursday Evening, April 18th.

FIRE DESTROYS AIRPLANE FACTORY IN GERMANY.

Geneva, Switzerland, April 17.—
Enormous loss was caused by the
fire which broke out Saturday in the
zeppelin works at Manzel, near Freid-
richshafen and destroyed the plant,
which had been transformed for the
manufacture of airplanes of the Gotha
type, according to reliable re-
ports from Rorschach, on Lake Con-
stance. Vast quantities of raw mate-
rials were burned and it is reported
at Constance that two large zeppelins
and forty airplanes also were destroyed,
comprising the whole fleet then at
the plant.

The number of victims was consid-
erable, but as the military authori-
ties are preventing anyone from ap-
proaching the scene of the fire, the
number of killed and injured could
not be learned.

The fire burned all day Sunday,
according to two Swiss travelers who
were in Friedrichshafen on Sunday.
The fire began with an explosion and
there were frequent explosions thur-
out Saturday night and the following
day, apparently due to the bursting
of gasoline tanks and hydrogen cy-
linders.

HOW LIVERPOOL SOLVED FOOD SHORTAGE PROBLEM

Liverpool, March 20.—(Corres-
pondence of The Associated Press)—
Liverpool, the second largest city in
England, is leading the whole coun-
try in solving the food shortage prob-
lem. It has municipal kitchens
which are models and work more ef-
ficiently than those in any other part
of the kingdom. It sets every other
city in the country an example by
maintaining a municipal potato peel-
ing plant and cooking the potatoes
for the bakers to mix with their flour.

Its latest enterprise is supplying
householders with boiling water for
cooking and washing purposes and
thereby causing a great saving in fuel.

Liverpool's city fathers are very
proud of their efforts to make their
people the most comfortable in the
country in these days of enforced
economy. With a display of pride
they gladly show visitors these new
ways of meeting the food shortage.
They take them along the streets
where butcher's shops are shut for
want of meat. A sign on the meat
market reads, "Why buy meat from
the butcher when you can get it ready
cooked at the food depot?" The ar-
gument is unanswerable particularly
when there is no meat to buy at the
butcher's.

There are always municipal cook-
shops where a family of four might
buy and take away a satisfying din-
ner for 25 cents. Stewed steaks, po-
tatoes and puddings are the principal
articles.
An enterprising city engineer has
set up an engine which runs a ma-
chine that peels tons of potatoes in a
few minutes, and also supplies steam
to great cauldrons in which the po-
tatoes are cooked. This enterprise
supplies a clean and wholesome flour
to the bakers which is mixed with
wheat flour and helps to produce a
delicious bread.

At the food depots a person can
buy for a cent a great bucket of boil-
ing water, and the population is be-
ing encouraged to come for this boil-
ing water in order to save coal. In-
stead of buying coal to boil a kettle
for cocoa or tea people can get as
much water as they want for a cent.
Those responsible for Liverpool's
enterprise declare that results have
already shown that a workman's fam-
ily can live much better and more
economically by buying its meals at
the food depots than by doing its own
cooking.

GLOOMY VIEW OF GER- MAN FOOD SITUATION

Amsterdam, March 15.—(Corres-
pondence of The Associated Press)—
A gloomy view of the food situation
in Germany was outlined by Dr. Von
Breiterich, the Bavarian Minister of
the interior, in a forecast which has
appeared in the Berlin newspapers.

The public was told that "not only is
there no chance of the potato ration
being increased, but we must think
ourselves lucky if it is maintained at
its present level." The Bavarian
Minister said he hoped the bread ra-
tion might not have to be reduced and
that the meat ration may be kept at
its present height, but there was lit-
tle confidence in the tone of this as-
sertion.

Special preparations of cereals, on
which many hopes were based a few
weeks ago were not yet on the mar-
ket in any considerable quantities,
and the public must wait for a daily
ration of half a teaspoonful.

Wholesale complaints of the qual-
ity of food being supplied at the pub-
lic kitchens throughout Germany ap-
pear in the newspapers. The director
of public kitchens, in reply to these
attacks, issued the following state-
ments:

"With the continuance of the war,
the quality of the materials we re-
ceive becomes ever poorer, and the
choice more limited. We are com-
pelled to take what is offered us or
go without. Complaints of defective
quality are simply ignored, and if we
insist upon receiving a regular sup-
ply we run the risk of being entirely
cut off. The fat quota allotted to us
grows ever smaller, spices are now
scarcely obtainable, and the substi-
tute spices have a bad flavor. The
vegetable supply is now limited to
kohlrabi and turnips."

A pessimistic article on the potato
situation by a member of the Prus-
sian House of Deputies says that the
acreage under potatoes has decreased
by one-fifth as compared with the
peace-time figure. "Not only is the
acreage less," he says, "but the de-
mand is greater, and a crop double
that of peace time would not fully
suffice."

ORDER COAL NOW; YOU MAY NOT GET IT IF YOU DELAY

Consumers Can Help Prevent
Shortage Next Winter by
Buying Now, Says Fuel
Administrator.

GARFIELD SOUNDS WARNING.

Better Borrow Money Now to Buy
Than Do Without Later, He Says—If
Your Storage Space Isn't Large
Enough, Enlarge It.

By HARRY A. GARFIELD,
United States Fuel Administrator.

Every householder, every public uti-
lity and every industrial user of coal
engaged in work essential to the pro-
secution of the war are earnestly ad-
vised and urged to place without de-
lay their orders for coal to cover their
needs for the 12 months beginning
April 1.

During the past 12 months there has
been suffering among consumers and a
curtailment of essential production by
industries through inability to obtain
necessary fuel after the beginning of
winter. A year ago consumers were
led to believe that they might safely
withhold their orders until later in the
year. They labored under the impres-
sion that coal could be bought and se-
cured as well at one time as another.
They were told that there was plenty
of coal for everybody and that there
would be plenty of coal cars to move
the coal in also.

This advice and its acceptance by
consumers was one of the contributing
causes to the coal shortage, with its
consequent suffering among domestic
consumers and lessening in production
of commodities needed in our war ac-
tivities.

The Fuel Administration was not
then in existence and did not begin its
work until August '23. It was then al-
ready too late to undo the harm which
had been done. The Fuel Administra-
tion would be negligent of its duty to
the public if it failed to call attention
at this time to the unfortunate results
of the mistaken course pursued by the
public a year ago and to warn all con-
sumers in the most emphatic manner
possible that a repetition of those re-
sults can be avoided only by accepting
and acting immediately upon the Fuel
Administration's advice, here given:

Order Your Coal at Once.

Let every consumer of the classes
mentioned ascertain his fuel re-
quirements for the coming year. Do this
at once. Order sufficient coal to meet
those requirements. Place your orders
at once. If domestic consumers have
not sufficient storage space for the
coal they will need they should en-
large their bins. If public utilities and
industries engaged upon government
work have not sufficient storage space
they should at once provide it.

The production of coal in this coun-
try is fundamentally a transportation
problem. There are enough coal cars
and enough locomotives to transport
the necessary quantity of coal, only if
every car and every locomotive is
used to its maximum capacity every
day in the year. There are enough
operatives in the mines to get the coal
from the ground if those operatives
can work every day in the year and if
the coal cars and locomotives are
available every day.

The fuel problem is to get the coal
from the first place of deposit to the
final place of deposit with as little de-
lay as possible and in as steady and
continuous a stream as circumstances
will permit. The railroads may be
compared to a water pipe, which needs
to run full all the time to carry the
necessary amount of water to its des-
tination. If that water is shut off for
any appreciable time it means an ul-
timate shortage. The pipe can carry no
more than its maximum capacity per
day.

Borrow, if You Must.

Inconvenience of paying for coal in
the spring or summer when it will not
be needed until autumn or winter
should not influence any consumer to
delay placing his order and securing
his supply. It is far wiser to borrow
money in the spring to pay for one's
coal than to wait until autumn or
winter, when if the coal has not been
mined and shipped money cannot pro-
cure it.

The Fuel Administration, through
the State Fuel Administrators and lo-
cal committees, is prepared in every
reasonable way to aid public utilities,
essential industries, retail dealers and
domestic consumers in placing their
orders and in securing assurance of a
sufficient supply of fuel. All these
governmental agencies, however, are
powerless if the consumers themselves
fail to act. Again, therefore, the Fuel
Administration urges every consumer
to place his orders immediately. This
should ordinarily be done through the
medium of supply upon which the con-
sumer has relied in the past. If this
course is followed it may be hoped
that the suffering and loss of the past
winter will not be repeated. If it is
not done consumers will have them-
selves to blame.

Let a Want Ad get it for you.

Bevo

—the home drink

Besides its popularity at drug stores, fountains and
restaurants, Bevo has found a welcome place in the
home. A family beverage—a guest offering—a table
drink that goes perfectly with all food.
As a suggestion for Sunday supper—Sweet red or
green peppers stuffed with cream cheese and

DR. WILEY SUGGESTS ELECTRIC FAN FOR BABY

This authority on food and health, discussing, in *Good Housekeep-
ing*, means for reducing infant mortality, said:

"... the fan is an excellent apparatus for mitigating the suffering from heat. Air
in motion carries away rapidly from the body, heat that is absorbed or that is radi-
ated into it. No cooling process of this kind can diminish the natural warmth of
the body, but it can minimize the discomfort that the infant must endure from
stagnant air. It is well that the current of the fan be not directly on the infant's
body, but over it or to one side."

Have an Emerson Fan in every room for real convenience and comfort.

Chiropractor Injured Child

The Deseret News (Salt Lake City) of Febru-
ary 9 announces that a default judgment for \$10,-
000 damages was entered by Judge J. L. Brown, of
the Third District Court, in the case of James
Holm against F. J. Freenor and the Freenor "Chi-
ropractic" offices. The action was for damages
for alleged malpractice, it being alleged that by
reason of so-called treatments given to the three-
year-old daughter of the plaintiff the vertebrae
was broken and separated, the nerves destroyed
and the child's lower limbs rendered paralyzed
and helpless.

Do you think it wise to allow people who can
buy diplomas, or issue them from office to office,
to treat you?

Anyone can issue a diploma, but remember
there is a State Board, that issues a Certificate, to
all who are qualified to be doctors. Chiropractors
and Mechano Therapy, are not legal doctors. You
might accidentally get cured or receive some ben-
efit but remember the same force that would ad-
just a bone, would put it out of place, if wrongly
used.

You cannot buy a Certificate from the State,
you have to pass the examination, no matter if you
have a dozen diplomas.

If it were not for State Board Examinations,
all schools might become diploma mills, the one
that could get you out in least time and expense
would get to sell the diplomas.

If these people are going to be doctors let
them take the State Board Examination, and have
a certificate to practice.

Read "Making Doctors While You Wait." Get
a copy at my office.

HOME NEWS BEATS "PINK" LETTERS.

Writing in a cantonment from which our soldiers embark for France, Mrs. Anna Steese Richardson sends this message through the May Woman's Home Companion to all mothers of soldier boys:

"Just one word to mothers! Don't think Bill or Jack or Harry is getting so many letters from his friends, especially girls, that you need not write. Your boy wants your letters now as he never wanted them before, and this goes, no matter how you parted.

"A boy of nineteen leaned over the counter the other morning twirling a 'pink' letter he had just received. The stationery may be white, gray, yellow, blue or lilac, but the letter remains 'pink' if it comes from a girl.

"Yes, she writes pretty regular," said the homesick lad. But I haven't had a word from my mother in three weeks.

"Maybe she wrote to Camp Mc-

Arthur and the letter has not been forwarded."

"Nix—she thinks I don't care about her letters. We never got along very well. Mother and I. Brother Fred was the white-haired boy in our family. I'm the kind that always gets in Dutch. I didn't write home much at first, but now—"

"Do you catch the wistfulness of that pause?"

"The nearer a man gets to the transport which will carry him overseas, the more his own folks and his home town mean to him.

"Many readers have asked me to find out just what our fighting men want most. And every man I approached gave the same answer: 'Letters from home.'

The War Savings Stamp is the solar plexus of the great mass of the American people and will make the Prussian and his militaristic system take the count.

LET A WOMAN KNOW IT FOR YOU.

A NERVOUS WRECK

From Three Years' Suffering. Say Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work.

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.

BURIAN SUCCEEDS

COUNT CZERNIN

(By the Associated Press)

Amsterdam, April 17.—Baron Burian, former minister of foreign affairs for Austria-Hungary from Sept. 10, 1914, to Dec. 23, 1916, has again been appointed foreign minister to succeed Count Czernin, resigned.

Baron Burian has been the Austro-Hungarian minister of finance since Count Czernin has been in the foreign office.

ADA WOMAN THINKS SHE CAN'T TALK ENOUGH

"I had gall stones for 14 years and suffered severely from gas, colic and indigestion. Doctors wanted me to go to the hospital, but I took Mayr's Wonderful Remedy instead, and am now feeling fine and better than I ever did. I can't talk enough about this remedy." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Gwin & Mays Drug Co. Adv.

OKLAHOMA COLONEL NOMINATED TO BE BRIGADIER-GEN.

Washington, April 17.—Col. Hugh S. Johnson, whose home is at Okmulgee, Okla., was nominated by President Wilson today to be promoted to the rank of brigadier-general.

This followed General Johnson's transfer from the provost marshal general's department, in which he was chief deputy to General Crowder, to the quartermaster department, where he will have charge of purchases, under Major Gen. George W. Goethals.

The nomination has been anticipated since his transfer to other work.

IS IT RHEUMATISM?

AREN'T YOU REALLY ON THE WRONG TRACK?

A good share of so-called rheumatism is caused by weak kidneys. When the kidneys fail to clear the blood of uric acid, the acid irritates the delicate nerves. Torturing pains dart through the affected part whenever it is moved. By strengthening the kidneys, Doan's Kidney Pills have proven their worth in thousands of so-called rheumatic cases, lumbago, sciatica, gravel, and urinary disorders. Doan's are well-known in Ada and warmly recommended by Ada people. Read this Ada case:

Mrs. F. McAlister, Eighth & Johnson Sts., says: "I suffered with kidney and bladder weakness and rheumatic pains. My kidneys were very inactive and I had rheumatic pains all over. I tried a great many remedies, but none of them gave me help until I got Doan's Kidney Pills from the Gwin & Mays Drug Co.'s store. Doan's relieved me in a short time and later removed the trouble entirely. I have used several boxes of Doan's since and they have never failed to do good work."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McAlister had. Foster-Milburn Co., Frgs., Buffalo, N. Y.

NOTICE ICE CONSUMERS.

Please get your ice orders for the day in before 9 o'clock in the morning to insure delivery. Orders placed after 9 o'clock we will not promise to deliver. We find that some are placing orders at all times, and to fill these orders we oftentimes make the same street as many as five times, this is a big waste, so please get your orders in early.

DR. BEETS.

PREPARING FOR CENSUS OF 1920

Washington, April 17.—Congress will soon be faced with the necessity of providing millions of dollars for the 1920 census.

Just what inquiries will be made at every American home is the problem now being worked out, before determining upon the exact appropriation needed. Census Director Rogers estimates that the total cost of the census, including the annual and other inquiries occurring during the decennial census period, if done in accordance with plans the Census Bureau has formulated, will not exceed \$20,000,000 to \$22,000,000. The estimated cost of taking the population census alone is \$10,440,000.

Besides considering population, the bureau's plans contemplate the usual elaborated inquiries on manufactures, agriculture, mines and quarries, annual special inquiries and other work. This includes vital statistics, statistics of cities and states, tobacco, cotton and cottonseed products. Taken collectively, Director Rogers says that the estimated cost of various lines of work, would run, manufactures, mines and quarries, \$2,593,000; agriculture \$6,049,000; mostly for field work; population \$10,440,000. The expenditures for the census of 1910 were about \$15,500,000.

The Census Bureau is receiving many suggestions for extension of the usual field of nation-wide enumeration. There has been a great demand to know the stock of hides, leather, and manufacture of saddles, shoes, boots, belting and other goods and it was deemed essential to get at once the leather output, including wool drawn from the hides of kids and sheep that goes into the manufacture of woollen goods. The Tanners Council, an organization of the tannery owners is getting that information now and furnishing it to the government at a cost of \$30,000 to \$50,000. They collect statistics of raw material, different kinds of leather, amount of stock as well as the cured or finished product, but the Census Bureau proposes to ascertain more than that. The bureau wants to know the uses to which the raw material and manufactured product are to be put, the stock on hand, consumption by the manufacturers and the prospect of having a supply for the country's future needs, all of which delves into the field of shoes, boots, saddles, beltings, harness and many finished products of value. The census will gather this information by mail and through special agents.

Despite criticisms of belated census reports in past years, Director Rogers says the population of the United States could be ascertained and made public in less than six months, and likewise the number of farms, by counties and by states and that any other information on which the government wanted quick results could be sent out promptly. He says the Fuel Administration War Trade Board, Tariff Commission and Internal Revenue Bureau make daily use of the basic census facts.

Before the House census committee, which is about to frame the necessary legislation, there has been considerable criticism of a limited provision proposed by the Census Bureau that "in no case shall information furnished under the authority of this act be used to the detriment of the person or persons to whom such information relates." Representative Miller, of Washington, contended that the information should be permitted such use as a court or governor might see fit, as it is not a judicial or inquisitorial proceeding. Representative Houston, Tenn., contends the clause is futile.

Director Rogers thinks the individual has the personal right to keep private information from other persons; that manufacturers, for instance, are willing to tell the census about their business for statistical purposes but do not want publicity of it and, if they knew it were to be published, they would not give the information at all or would do so under protest. Chairman Helm, of the committee, believes they do not want to give their trade secrets away.

"An individual informs the census of his father, and mother, his age, and where he was born and where he lived at a certain time," explained Mr. Rogers. "Now in the selective draft he is questioned about his age, nationality, and identity. That man is to be prosecuted upon the statement he made to the census. I would refuse to give information to any one other than to the local constituted authority for the annoyance or prosecution of that man. If the court were to issue an order that the state's interests are involved and it is my duty to certify the record as it was given at a particular time, I would do so. The same kind of a question comes up as to an estate and the census does not want to be used in the courts to the prejudice of any man who makes a confidential statement. It is now discretionary with the director."

Director Rogers said he would not protest against elimination of the disputed provision.

WIFE OF STONE-WALL JACKSON URGES A TRIAL

HAS GAINED THIRTEEN POUNDS AND IS LOUD IN PRAISE OF PEP SYSTEMIC PILLS.

Mrs. Stonewall Jackson of Groesbeck, Texas, writes the Southern Distributors of Pep Systemic Pills the following:

"I want to tell you how much I have been benefited by the use of Pep Systemic Pills; can't say enough for them and hardly know how to begin telling you how glad I am since I found a medicine that has been as beneficial to me.

"I am taking my fourth bottle—took the last dose yesterday from the third bottle you sent me some time ago. I started to order another bottle from you, but found them here in Groesbeck at the Brown Drug Co. and, of course, purchased a bottle.

"After taking the second box I have gained thirteen pounds. I now weigh 121 pounds.

"About two months ago I had a slight stroke of paralysis and went to Marlin, Tex., for treatment, but during that time I continued taking Pep Pills.

"I had been troubled with indigestion, constipation, nervousness, bad circulation and locomotor ataxia, all of which has been greatly relieved. I cannot praise your medicine too highly. I am going to insist on my husband, who is in ill health, beginning treatment at once.

"You are perfectly welcome to use my name and this letter.

"Wishing you much success, I am, Yours truly,
(Signed) Mrs. Stonewall Jackson.

Similar letters are being received in praise of PEP SYSTEMIC PILLS.

A substantial increase is given at the end of this period, and regular increases thereafter.

Come up and talk with Miss Ethel Parkerton, Chief Operator, about the opportunities.—The Southwestern Bell Telephone Co. 4-12-tf

TRAINS OF WOUNDED FOUR BACK OF LINE

Washington, April 17.—The heavy price the Germans are paying for their advances on the western front was told in dispatches to the state department today, saying that twenty-five trains loaded with wounded are passing through Aix-la-Chapelle every night.

Hospitals at Aix, the dispatches said, have been crowded beyond their capacity and the wounded were in schools, public buildings and other buildings. There was a great lack of medical supplies and morphine.

WRITE BOX 444—EL PASO, TEXAS

Red Cross Notes.

The ladies are having a new experience this week at the work rooms, cutting 40 dozen "helpless case shirts."

A call has come to rush a supply of these shirts.

Pontotoc County Chapter has never failed to respond to a single call from headquarters, and will not fail with this, even though it does work quite a hardship; the ladies are anxious to rush them through to the wounded men.

The garments will be cut at chapter headquarters and all auxiliaries will be asked to clear their machines of other work till these are finished. Roff, Francis and Stonewall are doing from 8 to 10 dozen garments a month and other places over the county are doing wonderfully work. The following has been shipped to St. Louis headquarters this week from this chapter:

480 Underdrawers.
4324 Sx4 compresses.
1750 2x2 wipes.
25 4x4 wipes.
105 triangular bandages.
129 pairs of socks.
4 sweaters.
5 pairs of wristlets.
1 helmet.

MRS. ORVILLE SNEAD, Secretary.

Notice.

Teachers examinations will be held on the 25, 26 and 27 of this month, at the offices of the County Superintendent.

4-17-2t

Get your adding machine paper at the News Office.

PANTOTOC CO. FAR ABOVE QUOTA

FIGURES ON LIBERTY LOAN SUBSCRIPTIONS TOTAL OVER HALF MILLION.

The Liberty Loan campaign in Pontotoc county to date (Wednesday) has resulted in subscriptions being reported to the amount of \$337,000 which is \$126,000 more than the quota of \$411,900. However, as Chairman Simpson explains, a subscription is not complete until arrangements have been made at the bank for taking it up and he urges all to do this at once. Although the various communities have been given full credit for all subscriptions made, in a few cases some subscriptions will be made through banks in other counties and this will reduce the official figures of this county to the extent of perhaps \$4,000 or \$5,000.

It will be noted from the figures below that only a very few districts failed to reach or greatly exceed their quotas and Mr. Simpson is loud in his praise of the zealous men and women who made such a thorough job of canvassing. As has been stated before, in some communities a sale was made to every family.

District.	Quota	Sub.
Allen and McCall's

Old papers for sale at 5 cents per bundle at News Office.

OFFICIAL FOOD NEWS OF FEDERAL FOOD ADMINISTRATION

FLOYD E. MILLER

Public Information Director
Norman, Oklahoma

OKLAHOMANS SHARE FLOUR WITH ALLIES

Reports from various parts of the state to State Food Administration headquarters reveal the fact that Oklahomans are sharing their flour with the soldiers and the allies who are fighting the battles of this country as well as those of their own.

BIG HOTELS BAN WHEAT

The big hotels of the county have pledged themselves to use no wheat products of any kind until September 1st. They have wiped wheat products from their menus until wheat is plentiful. This is the proper spirit. In Germany the rich are permitted to evade the food rules, while the poor suffer. But in France and England the wealthier classes are taking the lead in sacrifice, and America is following the examples of her allies. The large hotels in England and France serve the poorest meals; in Germany, they serve the best.

GRAIN RULES HAVE TEETH

A zone enforcement bureau has been established with headquarters at Kansas City. This organization will have power to detect and punish all violations of the grain rules regulating wheat and other cereals from the time they are marketed until the products reach the retailer. All evidence will hereafter be sent to Kansas City instead of to Washington. A vigorous policy against dishonest practices and careless dealers is to be inaugurated, and punishment will follow much more rapidly hereafter.

MUCH FLOUR RETURNED

Beaver County reports that 1,500 sacks of flour have been returned by people who had a surplus, and that this amount was at the command of the government at the price to be fixed by it. Pittsburg County is yielding up its surplus flour, and it is stated that the merchants at McAlester are almost unable to take care of the returned flour.

HOME GUARDS ACT

In Cleveland County several Germans were holding excess wheat. Home guards accompanied the county food administrator to the farmer's homes, and impressed them with the idea that hoarding wheat is disloyalty, and that all disloyalty would be stamped out. Much wheat has been marketed in Cleveland County.

FARMERS SELLING WHEAT

Many counties on the west side of the state that farmers are hauling in their wheat in excess of seed in response to the call of the government. Grant County reports that much wheat has been marketed, and that more is being marketed as the necessity for doing so is understood by the farmers.

RICH SACRIFICE MOST

The food program in this county call for sacrifice, but it begins with the wealthy classes. People of wealth have the means to buy the foods that they are asked to save. Mr. Hoover has told the people of means that if food conservation is to be a success, the wealthier classes must adopt and live up to the rules first.

FOOD BRIEFS

The citizens of Grimes County, Texas, have turned over to the United States Food Administration all its wheat flour and will therefore use no wheat flour until after the next harvest. Cars are carrying the flour to the coast, from which it will be shipped to the allies and soldiers.

A pro-German is a person who eats no substitutes; whose heart is in Germany, whose head is in America, and whose neck is in the air.

Sebastian County, Arkansas, has returned 3,350 barrels of flour in response to the call of the Food Administration.

Don't spill the beans by refusing to eat them.

America is the granary of four-fifths of the world. We must not let it become empty.

Potatoes, beans and onion will keep.

Plant more.

Oklahoma will be better off when the war ends. She will have less rabbits, less bugs, less dogs, less cats—and more health.

Insurance companies state that their losses in Germany during the first two years of war were less than during the two years preceding.

Proper dieting is given as the cause of less deaths.

Be healthy, patriotic, wise—eat substitutes.

Six pounds of flour, and three of sugar per person per month is the new ration. But think of the rations of the people who are enduring the horrors of war. And think of all the other things we have to eat.

The ban on meats is off till April 30.

Stop that Cough at the first sign of a Sniffle

Dr. King's
NEW
Discovery
for Coughs & Colds

does it. Also scatters the congestion and clears up the head. Breaks the fever and makes for ease and restful sleep. Your druggist's father sold Dr. King's New Discovery 50 years ago and for a half century it has been the standard cough and cold remedy. If millions had not used it to their advantage it would not today enjoy its national popularity. Keep it constantly on hand. Your druggist sells it.

The Evils of Constipation
Leaving waste material in the body, poisons the system and blood and makes you liable to sick headaches, biliousness, nervousness and muddy skin. Try Dr. King's New Life Pills. Prompt relief. At all druggists.
